

Affordable Music Studio Presents

# *The Physics of Music: Instrument Building Workshop*

## Details:

**Time:** 1:00-3:00pm (Mon-Fri)

**Location:** Affordable Music Studio

**Cost:** \$325 (Includes tools + materials)

## Sessions Offered:

1. June 22nd to 26th
2. July 13th to 17th
3. July 20th to 24th
4. August 3rd to 7th

## Class Description:

This hands-on, week-long day camp invites students to explore the fascinating connection between music, science, and creativity. Through interactive activities and guided experiments, students will discover how sound works and how musical instruments produce their unique tones.

Participants will also explore the history and evolution of instruments from around the world, gaining insight into how design and materials shape the sounds we hear. With this knowledge, students will put their learning into action by designing and building their own instruments using a variety of materials and techniques.

Perfect for curious and creative learners, this workshop blends science, music, and hands-on building in a fun and supportive environment.

This day-camp is open to students ages 5-17. Projects are tailored by age group.
